In the event any Owner does not satisfy this standard, the Board and its agents or employees, may, after thirty (30) days' prior written notice to such Owner, enter such Lot to make such repairs or perform such maintenance as to bring such Lot and/or Dwelling Unit exterior into compliance with this Section. The cost of any such repairs and maintenance shall be treated as a Limited Assessment to such Owner. In the event an emergency which in the judgment of the Board presents an immediate threat to the health and safety of the Owners, their guests or invitees, or an immediate risk of harm or damage to any Lot, Dwelling Unit or any other part of the Property, the Board and its agents or employees, may enter any Lot to make repairs or perform maintenance. Such entry shall be repaired by the Board out of the common expense fund if the entry was due to an emergency (unless the emergency was caused by an Owner in which case the cost shall be treated as a Limited Assessment and charged only to that Owner). If the repairs or maintenance were requested by an Owner, the costs thereof shall be treated as a Limited Assessment to such Owner.

Section 10. Outbuildings. Outbuildings are prohibited except on Lots 2 through 8, Block 4, Corrente Bello Subdivision No. 1 and on all Lots in Corrente Bello Subdivision No. 2. These outbuildings shall be pre-approved in writing by the applicable Architectural Committee, and be constructed of quality building material, completely finished and painted on the outside and shall be of quality and character that will be in harmony with the other buildings on the Property.

Section 11. Fences. Fences are not required. If a fence is desired, plans for such fence shall be pre-approved in writing by the applicable Architectural Committee. All fences shall be wrought iron and must be designed and built in conformance with the Tube Steel Fence specifications attached hereto as Exhibit E, which is made a part hereof. Fences shall be of good quality and workmanship and shall be properly finished and maintained. Chain link fences are prohibited. Those sections of fence at the front and along the sides of all Lots shall be no more than five feet tall. Those sections of fence along the rear of all Lots shall be no more than six feet tall. Fences shall not be built closer to the front of a Lot than the corner of the Dwelling Unit on either side. The location of fences, hedges, high plantings, obstructions, or barriers shall be so situated as to not unreasonably interfere with the enjoyment and use of any other portion of the Property and shall not be allowed to constitute an undesirable, nuisance or noxious use.

Section 12. Antennae. Antennae and/or satellite dishes must be pre-approved in writing by the applicable Architectural Committee. All antennae and/or satellite dishes shall be placed in the back yards or mounted on the back or side of all Dwelling Units and shall be placed and/or mounted in such a way to minimize the visual impact to all other portions of the Property.

Section 13. Insurance. Nothing shall be done or kept in any Dwelling Unit, Lot or Common Lots which will increase the rate of insurance on the Common Lots or any other Dwelling Unit or Lot. Each Owner must maintain a homeowner's insurance policy insuring the homeowner from loss by fire, theft, and all other loss or damage.

Section 14. Drainage. All Lots and Common Lots shall be graded such that all storm water and other water drainage shall run across a curb or to a drainage easement and no drainage shall cross from a Lot or Common Lot onto another Lot or Common Lot except within an applicable drainage easement.

Section 15. Garages. Garages shall be well constructed of good quality material and workmanship. All Dwelling Units shall have attached, enclosed garages on Lots in Corrente Bello Subdivision No. 1 and attached and detached enclosed garages on Lots in Corrente Bello Subdivision No. 2, which hold no less than two vehicles. To the extent possible, garage doors must remain closed at all times.

Section 16. Construction Equipment. No construction machinery, building equipment, or material shall be stored upon any Lot until the Owner is ready and able to immediately commence construction. Such machinery, equipment and materials must be kept within the boundaries of the Lot.

Section 17. Damage to Improvements. It shall be the responsibility of an Owner to leave all Improvements, including, without limitation, street curbs, sidewalks, fences, utility facilities, mail box stands and tiled irrigation lines, if any, free of damage and in good and sound condition during any construction period. It shall be conclusively presumed that all such Improvements are in good sound condition at the time building has begun on each Lot unless the contrary is shown in writing at the date of

conveyance or by date of possession, whichever date shall first occur, which notice is addressed to a member of the applicable Architectural Committee.

Section 18. Garbage Pick-Up. Garbage and recycle containers can be placed on the appropriate sidewalks or driveways on garbage and recycle collection days, but such containers must be removed no later than 6:00pm that evening.

ARTICLE V: SPECIFIC LOT USES AND RESTRICTIONS

Section 1. Lots 24, 25, 27, 32 and 33, Block 1. Any Dwelling Units to be located on Lots 24, 25, 27, 32 and 33, Block 1, as shown on the Corrente Bello Subdivision No. 2 final plat, shall not exceed one-story in height (25-feet maximum height excluding daylight basements).

Section 2. Lot 20, Block 2. Lot 20, Block 2, as shown on the Corrente Bello Subdivision No. 1 final plat, is an existing residence not subject to this Declaration. The owner of Lot 20, Block 2 shall not be a member in the Association. In the event the owner of Lot 20, Block 2, attempts to further subdivide this Lot, neither the Association nor the Owners shall have the right to object to such further subdivision.

ARTICLE VI: PRESSURIZED IRRIGATION SYSTEM

Non-potable (non-drinkable) irrigation water will be supplied to the Property by Farmers Union Canal Users Association utilizing a pressurized irrigation system which includes main lines, pumps, sprinkling clocks, service lines, valves, and other facilities located on the Property ("Pressurized Irrigation System"). Declarant shall transfer the Pressurized Irrigation System to the Association.

The Pressurized Irrigation System will be used for all irrigation, including the irrigation of the Common Lots and Lots. The Pressurized Irrigation System will be owned and operated by the Association in perpetuity unless otherwise approved by the Eagle City Council. By accepting a deed to any portion of the Property, each Owner hereby agrees to pay its proportionate share of Assessments associated with the operation and maintenance of the Pressurized Irrigation System and covenants and agrees to hold the Association and Declarant harmless from any and all liability for damages or injuries to their children, guests, agents, or invitees caused by the Pressurized Irrigation System.

ARTICLE VII: INSURANCE

Section 1. Insurance. The Association shall obtain insurance from insurance companies authorized to do business in the State of Idaho, and maintain in effect any insurance policy the Association deems necessary or advisable, which shall include, without limitation, the following policies to the extent its is possible for the Association to obtain the same:

(a) Fire insurance including those risks embraced by coverage of the type known as the broad form or "All Risk" or special extended coverage endorsement on a blanket agreed amount basis for the full insurable replacement value of all Improvements, equipment and other property located within the Common Lots and for the Pressurized Irrigation System;

(b) Comprehensive general liability insurance insuring the Association and its agents and employees, invitees and guests against any liability incident to the ownership, management, maintenance and/or use of the Common Lots and Pressurized Irrigation System. Limits on liability of such coverage shall be as follows: Not less than One Million Dollars (\$1,000,000) per occurrence with respect to personal injury or death, and One Million Dollars (\$1,000,000) per occurrence with respect to property damage or such amounts in excess thereof which the Association determines is commercially reasonable and prudent under the circumstances after taking into account inflation occurring after the execution of this Declaration;

(c) Such other insurance to the extent necessary to comply with all applicable laws and such indemnity, faithful performance, fidelity and other bonds as the Association shall deem necessary or required to carry out the Association functions or to insure the Association against any loss from malfeasance or dishonesty of any employee or other person charged with the management or possession of any Association funds or other property.

Section 2. Premiums Included in Assessments. Insurance premiums for the above insurance coverage shall be deemed a common expense to be included in the Regular Assessments levied by the Association.

ARTICLE VIII: MEMBERSHIP AND VOTING RIGHTS

Section 1. Membership. Every Owner of a Lot shall be a Member of the Association. Membership shall be appurtenant to and may not be separated from ownership of any Lot which is subject to assessment.

Section 2. Voting Classes. The Association shall have two (2) classes of voting memberships:

Class A. Class A Members shall be all Owners and shall be entitled to one vote for each Lot owned. When more than one Person holds an interest in any Lot, all such Persons shall be Members. The vote for such Lot shall be exercised as they determine, but in no event shall more than one (1) vote be cast with respect to any Lot.

Class B. The Class B Members shall be the Gemstar Declarant and the CB Declarant. Each Class B Member shall be entitled to five (5) votes for each Lot owned by the respective Class B Member. The Class B membership shall cease when, and if, Declarant has sold all Lots within the Property.

ARTICLE IX: COVENANT FOR MAINTENANCE ASSESSMENTS

Section 1. Creation of the Lien and Personal Obligation of Assessments. **Each Owner of any Lot by acceptance of a deed therefor is deemed to covenant and agree to pay to the Association all Assessments levied thereby.** These Assessments, together with interest, costs, late fees and reasonable attorneys' fees, shall be a continuing lien upon the Lot against which each such Assessment is made. Each such Assessment, together with interest, costs, and reasonable attorneys' fees, shall also be the personal obligation of the Person who was the Owner of such Lot at the time when the Assessment fell due. The personal obligation for delinquent Assessments shall not pass to his or her successors in title unless expressly assumed by them. **Declarant has no obligation to pay Assessments.**

Section 2. Purposes of Assessments. The Assessments levied by the Association shall be used exclusively to promote the recreation, health, safety, and welfare of the residents in the Property and for any construction, maintenance, and operation of the Common Lots and Pressurized Irrigation System.

Section 3. Uniform Rate of Assessment. Regular and Special Assessments must be fixed at a uniform rate for all Lots.

Section 4. Date of Commencement of Annual Assessments; Due Dates. The Regular Assessments provided for herein shall commence as to all Lots on the first day of the month following the closing of the sale of a Lot from Declarant to an Owner. The first annual assessment shall be pro-rated according to the number of months remaining in the calendar year. Subsequently, the Board shall fix and notify all Owners in writing of the amount of the Regular Assessments against each Lot at least thirty (30) days in advance of each annual Regular Assessment period. The due dates shall be established by the Board, which may be annually, quarterly or monthly as the Board, in its sole discretion, shall determine. The Association shall, upon demand, and for a reasonable charge, furnish a certificate signed by an officer of the Association setting forth whether the Assessments on a specific Lot have been paid. A properly executed certificate of the Association as to the status of Assessments on a Lot is binding upon the Association as of the date of its issuance.

Section 5. Effect of Nonpayment of Assessments; Remedies of the Association. Any Assessment not paid within thirty (30) days after the due date shall bear interest from that date at a rate equal to the lesser of twelve percent (12%) or the highest rate allowed by applicable law. Additionally, a late fee of \$15.00 shall be added to and charged on each Assessment which is not paid within this payment period. The Association may bring an action at law against the Owner personally obligated to pay the same, or foreclose the lien against the Lot. No Owner may waive or otherwise escape liability for the Assessments provided for herein by non-use of the Common Lots or Pressurized Irrigation System or abandonment of his or her Lot.

Section 6. Subordination of the Lien to Mortgages. The lien of the Assessments provided for herein shall be subordinate to the lien of any first Mortgage. Sale or transfer of any Lot shall not affect the Assessment lien. However, the sale or transfer of any Lot pursuant to mortgage foreclosure or any proceeding in lieu thereof, shall extinguish the lien of such Assessments as to payments which became due prior to such sale or transfer. No sale or transfer shall relieve such Lot from liability for any Assessments thereafter becoming due or from the lien thereof.

ARTICLE X: AUTHORITY OF BOARD OF DIRECTORS

Section 1. Authority of Board. The Board, for the benefit of the Association and the Owners, shall enforce the provisions of this Declaration and the Association's articles and by-laws, shall have all powers and authority permitted to the Board under the Association's articles of incorporation and by-laws and this Declaration, and shall acquire and shall pay for, out of a common expense fund to be established by the Board, all goods and services requisite for the proper functioning of the Association and the Property, including, but not limited to, the following:

(a) Operation, maintenance and management of the Common Lots and Pressurized Irrigation System, including repair and replacement of property damaged or destroyed by casualty loss.

(b) Water, sewer, garbage collection, electrical, and any other utility service as required for the Common Lots and Pressurized Irrigation System. The Board may arrange for special metering of utilities as appropriate.

(c) Maintenance and repair of storm drains located on the Property, if any, except for those storm drains located on or within the right-of-way of any street, road, alley or other land dedicated to public use.

(d) Policies of insurance providing coverage for fire and other hazard, public liability and property damage, and fidelity bonding as the same are more fully described in the by-laws or this Declaration. Each Owner shall be responsible for the insurance for his or her Lot, Dwelling Unit and personal property.

(e) The services of Persons as required to properly manage the affairs of the Association to the extent deemed advisable by the Board as well as such other personnel as the Board shall determine are necessary or proper for the operation of the Property.

(f) Legal and accounting services necessary or proper in the operation of the Association's affairs, administration of the Property, or the enforcement of this Declaration.

(g) Any other materials, supplies, labor services, maintenance, repairs, structural alterations, insurance, taxes or assessments which the Board is required to secure by law or which in its opinion shall be necessary or proper for the operation of the Property or for the enforcement of this Declaration.

(h) The Board may also pay any amount necessary to discharge any lien or encumbrance levied against the Property or any part thereof, which is claimed to or against the Property, rather than merely against the interest therein of particular Owners. Where one or more Owners are responsible for the existence of such lien, they shall be jointly and severally liable for the cost of discharging it and any costs and expenses incurred by the Board by reason of such lien or liens shall be assessed against the Owners and the Lots responsible to the extent of their responsibility.

(i) The Board shall not make any non-budgeted expenditure in excess of \$3,000.00 without the approval thereof by two-thirds (2/3) of each class of Members voting thereon at a meeting called for such purpose, except for an emergency threatening the security of any Improvement on the Property.

The Board shall have the absolute right to adopt any rules and regulations it deems to be in the best interest of the Property and the Owners. By accepting a deed to any portion of the Property, all Owners hereby covenant that they will adhere to any such rules or regulations. In addition, the Board shall have the absolute right to hire or otherwise contract with independent third parties to operate, maintain and manage the Common Lots and Pressurized Irrigation System, and to perform any other right, duty or obligation of the Board or Association.

Section 2. Easement. The Association and Board, and their agents and employees, shall have, and are hereby granted, a permanent easement of ingress and egress to enter upon each Lot for the purposes of performing repairs, maintenance and care of the Property as provided herein and for otherwise discharging the responsibilities and duties of the Association and Board as provided in this Declaration.

Section 3. Non-Waiver. The failure of the Board in any one or more instances to insist upon the strict performance of any of the terms or Restrictions of this Declaration, or of the Association's articles of incorporation or by-laws, or to exercise any right or option contained in such documents, or to serve any notice or to institute any action, shall not be construed as a waiver or a relinquishment for the future of such term, or Restriction, but such term, or Restriction shall remain in full force and effect. Failure by the Board to enforce any such term or Restriction shall not be deemed a waiver of the right to do so thereafter, and no waiver by the Board of any provision hereof shall be deemed to have been made unless expressed in writing and signed for the Board. This Section also extends to the Declarant exercising the powers of the Board during the initial period of operation of the Association.

Section 4. Limitation of Liability. The Board shall not be liable for any failure of any utility or other service to be obtained and paid for by the Board, or for injury or damage to a Person or property caused by the elements, or by another Owner or Person; or resulting from electricity, gas, water, rain, dust or sand which may lead or flow from pipes, drains, conduits, appliances, or equipment, or from articles used or stored by Owners on the Property or in Dwelling Units. No diminution or abatement of common expense assessments shall be claimed or allowed for inconveniences or discomfort arising from the making of repairs or Improvements to the Property or from any action taken to comply with any law, ordinance, or order of a governmental authority. This Section shall not be interpreted to impose any form of liability by implication, and shall extend to and apply also for the protection of the Declarant exercising the powers of the Board during the initial period of operation of the Association and the Property.

Section 5. Indemnification of Board Members. Each member of the Board shall be indemnified by the Association and the Owners against all expenses (including attorneys' fees), judgments, liabilities, fines and amounts paid in settlement, or actually and reasonably incurred, in connection with any action, suit or proceeding, whether civil, criminal, administrative or investigative instituted by or against the Association or against the Board member and incurred by reason of the fact that he or she is or was a Board member, if such Board member acted in good faith and in a manner such Board member believed to be in or not opposed to the best interests of the Association, and, with respect to any criminal action or proceeding, had no reasonable cause to believe that such Board member's conduct was unlawful. This Section shall extend to and apply also to the indemnification of the Declarant.

ARTICLE XI: ARCHITECTURAL COMMITTEE

Section 1. Charter of Architectural Committee(s). The Gemstar Declarant is authorized to appoint an Architectural Committee to conduct architectural control and review of Improvements constructed on the Corrente Bello Subdivision No. 1 Lots. The CB Declarant is authorized to appoint an Architectural Committee to conduct architectural control and review of Improvements constructed on Corrente Bello Subdivision No. 2 Lots. When all Lots in both phases have been improved with single family residences, the Association is authorized to appoint a single Architectural Committee. The charter of each Architectural Committee is to represent the collective interests of all Owners, under the Committee's respective jurisdiction, and to help such Owners wishing to make exterior alterations. All references hereunder to the authority, jurisdiction, and architectural control over Lots and/or Owners of "the Architectural Committee" shall be deemed to refer to the applicable Architectural Committee as designated in this Section. **Each Owner is deemed to covenant and agree to be bound by the terms and conditions of this Declaration, including the standards and process of architectural review and approval. This Article does not apply to the Declarant.**

Section 2. Adoption of Design and Landscape Standards. Each Declarant, and ultimately the Association, shall have the power, but not the obligation, to promulgate Design and Landscape Standards relating to the planning, construction, alteration, and modification of Improvements within the Declarant's respective phase of the Subdivision deemed necessary or desirable by the Declarant or the Association, as the case may be, to carry out the purposes of this Declaration. The Design and Landscape Standards may contain provisions not limited to design standards, exterior finishes and colors, fences, landscaping, exterior lighting, mailboxes and the like. They may also include policies, procedures and rules, which in the discretion of the Declarant or Association are reasonable to maintain a quality subdivision and to protect property values. The Design and Landscape Standards, if any, promulgated by the Gemstar Declarant with respect to the Improvements in Corrente Bello Subdivision No. 1 may differ from the Design and Landscape Standards promulgated by the CB Declarant with respect to Corrente Bello Subdivision No. 2. Each Owner shall review and be familiar with the current Design and Landscape Standards, if any, affecting the Owner's Lot, copies of which are available from the Declarant and the Declarant's marketing representatives. All Design and Landscape Standards shall be consistent with the provisions of this Declaration. In the event of a conflict between any Design and Landscape Standards and this Declaration, this Declaration shall control.

Section 3. Interpretation and Enforcement. Each Architectural Committee shall have the authority to interpret and enforce any or all restrictions and covenants of this Declaration as they pertain to the Dwelling Units and Other Improvements in their respective phase of the Subdivision. The Architectural Committee shall have the authority to pursue whatever action or litigation required to cause any Owner to remove and replace any element that the Architectural Committee interprets as deficient or outside of this Declaration or the Design and Landscape Standards. This right of enforcement can include the Architectural Committee hiring any or all of such work to be done and encumbering the Lot on which said work takes place with a lien for the full amount of the cost of said work plus any other costs the Architectural Committee may incur in such enforcement.

Section 4. Variances. The Architectural Committee may authorize variances from compliance with requirements of any conditions and restrictions contained in this Declaration, the Design and Landscape Standards, or any prior approval when, in the sole discretion of the Architectural Committee, circumstances such as topography, natural obstructions, aesthetics or environmental considerations or hardship may so require. Such variances must be evidenced in writing signed by an authorized representative of the Architectural Committee.

Section 5. Architectural Control. No exterior Improvement, including, without limitation, Dwelling Unit, building, deck, patio, fence, landscaping, permanent exterior affixed decoration, exterior lighting or heating, cooling and other utility systems shall be altered, erected, or placed on the Property unless and until the building, plot or other plan has been reviewed in advance by the applicable Architectural Committee and same has been approved in writing, and an appropriate building permit has been acquired, if required by law. The review and approval may include, without limitation, topography, finish, ground elevations, landscaping, lighting, drainage, color, material, design, conformity to other residences in the area, and architectural symmetry. Approval of the architectural design shall apply only to the exterior appearance of said Improvements. It shall not be the intent of these restrictions to control the interior layout or design of said structures.

Section 6. Review of Proposed Improvements. The Architectural Committee shall consider and act upon any and all proposals or plans and specifications submitted for its approval pursuant to this Declaration, and perform such other duties from time to time as may be assigned to it by the Board and/or

Declarant, including the inspection of construction in progress. The Architectural Committee may condition its approval of proposals upon the agreement of the Owner to an additional assessment for the cost of maintenance and the payment of an architectural review processing fee. The Architectural Committee may require submission of additional plans or review by a professional architect. The Architectural Committee may issue guidelines setting forth procedures for the submission of plans for approval. The Architectural Committee may require such detail in plans and specifications submitted for its review as it deems proper, including, without limitation, floor plans, site plans, drainage plans, elevations, drawings and description of samples of exterior material and colors. Until receipt by the Architectural Committee of any required plans and specifications the Architectural Committee may postpone review of plans. Decisions of the Architectural Committee and the reasons therefor shall be transmitted by the Architectural Committee, in writing, to the applicant at the address set forth in the application for approval within thirty (30) days after filing all materials required by the Architectural Committee. If the Architectural Committee has not accepted (either conditionally or otherwise) or rejected an Owner's application within this thirty (30) day period, such application shall be deemed approved.

Section 7. Inspection of Approved Improvements. Inspection of work and correction of defects therein shall proceed as follows:

(a) Upon completion of any work for which approved plans are required under this Article, the Owner shall give written notice of completion to the Architectural Committee.

(b) Within sixty (60) days thereafter, the Architectural Committee, or its duly authorized representative, may inspect such Improvement. If the Architectural Committee finds that such work was not done in substantial compliance with the approved plans, it shall notify the Owner and the Board in writing of such noncompliance within such sixty (60) day period, specifying the particulars of noncompliance, and shall require the Owner to remedy the same.

(c) If upon the expiration of thirty (30) days from the date of such notification the Owner shall have failed to remedy such noncompliance, the Board may, at its option, exercise its right to enforce the provisions of this Declaration by proceeding at law or in equity on behalf of the Association and/or correcting such noncompliance itself, and may take such other actions as are appropriate, including the levy of a Limited Assessment against such Owner for reimbursement associated with correcting or removing the same pursuant to this Declaration.

Section 8. Review of Unauthorized Improvements. The Architectural Committee may identify for review, Improvements which were not submitted to the approval process as follows:

(a) The Architectural Committee or its duly authorized representative may inspect such unauthorized Improvement.

(b) If the Architectural Committee finds that the work is in noncompliance with this Declaration and/or its standards or guidelines, it shall notify the Owner and the Board in writing of such noncompliance and its request to remedy such noncompliance.

(c) If the Owner has not remedied such noncompliance within a period of not more than forty-five (45) days from his or her receipt of the noncompliance notice, then the Board may, at its option, exercise its right to enforce the provisions of this Declaration by a proceeding at law or in equity on behalf of the Association and/or correcting such noncompliance itself, and may take such other actions as are

appropriate, including the levy of a Limited Assessment against such Owner for reimbursement of the costs associated with correcting or removing the same pursuant to this Declaration.

ARTICLE XII: GENERAL PROVISIONS

Section 1. Enforcement. The Association, Declarant and/or any Owner, shall have the right to enforce, by any proceeding at law or in equity, all terms and Restrictions now or hereafter imposed by the provisions of this Declaration. Failure by the Association, Declarant or by any Owner to enforce any term or Restriction herein contained shall in no event be deemed a waiver of the right to do so thereafter.

Section 2. Severability. Invalidation of any one of these terms or Restrictions by judgment or court order shall in no way affect any other provisions which shall remain in full force and effect.

Section 3. Term and Amendment. The terms and Restrictions of this Declaration shall run with and bind the land, for a term of twenty (20) years from the date this Declaration is recorded, after which time they shall be automatically extended for successive periods of ten (10) years. This Declaration may be amended by an instrument signed by Declarant (each Declarant's signature will be required if they each still own one or more Lots) and the consent of two-thirds (2/3) of the Class A Members. Amendments shall be in the form of supplemental declarations, and must be recorded in the records of Ada County, Idaho.

Section 4. Annexation. Annexations shall be accomplished by supplemental declarations to this Declaration recorded in the records of Ada County, Idaho.

Section 5. Duration and Applicability to Successors. The terms and Restrictions set forth in this Declaration shall run with the land and shall inure to the benefit of and be binding upon the Declarant and all Lot Owners and their successors in interest.

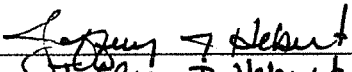

Section 6. Attorneys Fees. In the event it shall become necessary for the Association, Declarant or any Owner to retain legal counsel to enforce any term or Restriction contained within this Declaration, the prevailing party to any court proceeding shall be entitled to recover their reasonable attorneys' fees and costs of suit, including any bankruptcy, appeal or arbitration proceeding.

Section 7. Governing Law. This Declaration shall be construed and interpreted in accordance with the laws of the State of Idaho.
